

# AVG BUSINESS EDITIONS

AVG Business offers top-rated endpoint protection against viruses, malware and online threats. We provide the solutions that empower our channel partners to simplify, optimize and secure the IT experience for small and medium-sized businesses around the world.

## INDUSTRY FACTS

- SMBs do not have the same level of security as large organizations.  
**Cyber-criminals no longer discriminate**
- SMB employees are almost **4 times more likely** to click on malicious links
- **400,000,000** total samples of ransomware
- **72% of businesses** loses access to their data for at least two days

## WHY AVG BUSINESS

We protect over 400 million active users worldwide (mobiles, desktops and servers), both consumers and businesses. AVG VirusLab is monitoring cyber security threats on a 24/7 basis.

## Awards

AVG provides **award-winning** security. Recently, our AVG Business Editions were awarded a Top Product score by AV-TEST in its July and August 2016 evaluation of 13 business endpoint protection software products.

## Multi-layered protection

AVG's protection scans emails, websites, social media links and more, passing it through several layers of scanning for the best possible protection.

## SOLUTION FIT

If the end-customer needs just AV and is prepared to self-manage? Then our **AVG Business Editions** are the right choice.

AVG Business Security Edition dashboard

## AVG Business Editions:

- Stop online threats;
- Safeguard your customers company and data;
- Provide basic remote management (single enterprise with a local console).

## When your customer needs:

- AV now and perhaps other services later and doesn't want to selfmanage (entry level managed services) ► [Recommend CloudCare](#)
- Comprehensive management of IT infrastructure. Won't or can't self-manage (remote monitoring & management) ► [Recommend Managed Workplace](#)

## WHAT'S IN IT FOR OUR PARTNERS?

We also offer the opportunity to differentiate yourself from the competition. AVG's **Partner Certification Program** is designed to provide you with the essential skills and knowledge to accelerate your business by fully leveraging the AVG Business portfolio. We also provide you with ready-made campaigns in-a-box for you to increase your revenue.

## SUPPORT

In case of questions or deal support please contact your Distributor or AVG Business by Avast Account Manager.
